

# The Format of Abstract for 2006 International Symposium on Micro-Nano Mechatronics and Human Science

*Authors' Names*

Authors Affiliation

The goal of this article is to give you basic instructions for preparing papers for the 2006 International Symposium on Micro-NanoMechatronics and Human Science / The Fourth Symposium "Micro- and Nano-Mechatronics for Information-Based Society" The 21st Century COE Program, Nagoya University. Please prepare your final manuscripts following the guidelines described in this article. The goal is to prepare your manuscript for the 2006 International Symposium on Micro-NanoMechatronics and Human Science / The Eighth Symposium "Micro-NanoMechatronics for Information-Based Society" The 21st Century COE Program, Nagoya University (MHS2006 & Micro-Nano COE). Manuscripts must be provided in electronic format, with all images embedded. Only PC formatted materials can be accepted (no Mac computer materials), and **PDF file** is required. Proceedings will be printed in black and white. **IEEE Copyright Form** should be sent separately to the symposium secretariat (see address at the end of these instructions). To insure that papers will be reproduced clearly and in proper size and form, authors should observe the following instructions. All authors are strictly required to keep the deadline. Final manuscript with IEEE Copyright Form must be received **before Aug 11, 2006**. Please submit your paper from the website
